

SIXTY-THIRD ANNUAL REPORT
of the
PROCEEDINGS AND DECISIONS
of the
STATE TAX COMMISSION
OF MISSOURI

BRUCE E. DAVIS, *Chairman*
JENNIFER TIDWELL, *Commissioner*
CHARLES F. NORDWALD, *Commissioner*
SANDY WANKUM, *Administrative Secretary*

For the
YEAR ENDING DECEMBER 31, 2008

I, Sandy Wankum, Administrative Secretary of the State Tax Commission, hereby certify that the following is a true and correct copy of the Proceedings and Decisions of the State Tax Commission, including its proceedings and decisions while acting as a Board of Equalization of the State of Missouri for the year ending December 31, 2008, and is published in compliance with Section 138.440, Revised Statutes of Missouri.

Dated at Jefferson City, Missouri, this 31st day of December, 2008.

SANDY WANKUM
Administrative Secretary

LETTER OF TRANSMITTAL

Jefferson City, Missouri
December, 2008

To the Ninety-Fifth General Assembly of the State of Missouri:

In compliance with the provisions of Section 138.440, Revised Statutes of Missouri, the State Tax Commission of Missouri herewith submits its Sixty-Third Annual Report of the Proceedings and Decisions relative to the work of the Commission for the year 2008.

BRUCE E. DAVIS, *Chairman*
JENNIFER TIDWELL, *Commissioner*
CHARLES F. NORDWALD, *Commissioner*

SANDY WANKUM, *Administrative Secretary*

Individuals requiring information not contained in this report may obtain information by writing to:

State Tax Commission Annual Report – 2008

**RECOMMENDATIONS
TO
THE MISSOURI LEGISLATURE
SECTION 138.380(4), RSMO**

The State of Missouri is experiencing extraordinary economic conditions that are significantly impacting the real estate market. The financial market crisis coupled with an acute recession will make the 2009 biennial assessment cycle increasingly difficult to monitor and evaluate. Conventional wisdom and techniques in establishing market values and levels of assessment will have to be examined. It is vital that sales data come under greater scrutiny and analysis to determine which sales should be utilized and which sales should be discarded. Determining market conditions and market values will be a paramount problem for the State Tax Commission and the assessment community. The Commission will continue to closely monitor market conditions and communicate our findings to the General Assembly.

During the 2008 legislative session, the General Assembly enacted into law meaningful property tax reform. Legislation was passed that closed property tax rollback loopholes and eliminated backdoor property tax increases. The General Assembly eliminated archaic statutory language and reconciled differing statutory deadlines. Language was passed which provides clarity to the appeal process and safeguards taxpayers' rights. The Commission looks forward to working closely with the General Assembly in confronting the emerging challenges associated with the assessment and taxation of tangible property.

Pursuant to Section 138.380(4), the State Tax Commission respectfully submits to the General Assembly recommendations designed to improve the assessment program in the State of Missouri.

1. Certificate of Value: The State Tax Commission cannot over-emphasize the need for sales disclosure in this State. We renew our appeal to the General Assembly to develop statutory language mandating the use of statewide certificates of value. Unequivocally, the most important tool for the assessor is the ability to secure critical market data accurately reflecting market behavior. Sales information is the cornerstone of an assessment program designed to provide uniform and equitable assessments. According to a 2003 survey published by the International Association of Assessing Officers, (IAAO) there are thirty-six states that have some form of sales disclosure codified in their state statutes and only six states, including Missouri, do not have either a sales disclosure or transfer taxes from which sales prices may be derived. In the State of Missouri, the political subdivisions of St. Louis City, St. Louis County, Jackson County and St. Charles County have passed, through local ordinances, certificates of value. The certificates of value used in these jurisdictions represent roughly 50% of locally assessed real estate in the State of Missouri. Counties that do not possess certificate of value only receive a return of 15-25% on sales letters submitted. This low return is woefully inadequate to accurately measure market behavior.

State Tax Commission Annual Report – 2008

In its review of State Tax Commission ratio study procedures, the IAAO recommends that the Commission and the Missouri Assessors' Association work with the General Assembly toward the implementation of state mandated sales price disclosure in all counties. The IAAO study points out that the American Bar Association's Tax Section has also issued a recommendation on disclosure of essential data concerning real property transfers. The IAAO cites the IAAO Standard on Ratio Studies which states that assessing officers in jurisdictions without laws mandating full disclosure work under a severe handicap and should seek legislation providing for such disclosure.

Assessment uniformity cannot be achieved on a consistent basis without the benefit of having accessibility to accurate sales data. The absence of certificate of value severely thwarts the attempt by assessors to facilitate uniform and equitable assessments throughout the State. The State Tax Commission has experienced budget cuts over the past few years resulting in a significant decrease in field staffing. Passage of statewide certificate of value will provide critical sales data, which will pave the way for the implementation of a sales/appraisal ratio study that requires fewer personnel.

The Commission respectfully requests that the General Assembly reconsider this issue and provide assessing officials of this State with an invaluable instrument to help preserve the integrity of the assessment program. As an alternative to mandatory sales disclosure, the State Tax Commission respectfully requests funding to provide for a sales questionnaire program to be initiated at the state level to enhance the number of usable sales for analysis. The State Tax Commission has executed a prototype program in five counties and has experienced a significant increase of the number of usable sales. Other states have implemented programs in which the state is responsible for contacting buyers and sellers of real estate transactions and have recognized similar successes.

2. Statewide Computer Assisted Mass Appraisal (CAMA) System: The inception of mandated statewide reassessment in 1985 did not provide for a standard appraisal system to be utilized throughout the State. Consequently, a myriad of cost systems, market systems and supporting computer systems are in use in Missouri. There are twenty-five different vendors providing software for assessments and taxes and there are eighteen vendors that provide automated cost approach software. Currently, counties throughout Missouri use nine different cost appraisal systems; consequently, State Tax Commission personnel must develop an expertise of these different appraisal systems to assist counties as well as ensure that properties are assessed according to their true value in money as required by the Missouri Constitution.

The Commission envisions a statewide, centrally located, web-based CAMA system. This would provide the assessors access to a cost and market system which would reflect data indigenous to their county. This system would provide the technical and analytical support necessary for assessors to make sound appraisal conclusions. A statewide standardized appraisal system would

State Tax Commission Annual Report – 2008

ensure uniformity and efficiencies in the assessment process. The State Tax Commission respectfully recommends, as did the Joint Committee on Tax Policy, that the General Assembly provide resources for the development and implementation of a statewide CAMA system.

3. Assessors Education: The Joint Committee on Tax Policy recommended in its 2006 report that an educational curriculum be established under the purview of the State Tax Commission for the purpose of realizing a mass appraisal accreditation for assessors and their staff. Surrounding states have developed such programs and have reported that it enhances the professionalism and the expertise of assessment personnel in their states. Implementation would require resources necessary for the hiring of a statewide education coordinator whose responsibility would be to develop an educational curriculum for assessors to complete in order to receive a professional designation. The Commission respectfully requests the General Assembly adopt legislation enabling the development of a program providing educational opportunities and professional designations to the assessors of this state.
4. Additional Resources: During recent years, the State Tax Commission's operating budget has witnessed a reduction of 30% in the staffing compliment and a 65% reduction in expense and equipment monies. The remaining staffing compliment of 60 FTE and supporting operational monies makes it difficult to effectively monitor and provide oversight and assistance required to ensure uniformity and equity in this state. With the current economic climate, determining market value will prove to be more of a challenge. The State Tax Commission will be faced with the necessity of enhancing the monitoring of markets, increasing the stratification of data and placing more emphasis on the timing of sales. This additional workload is coming at a point in time in which resources may be in fact declining. The State Tax Commission is respectfully requesting additional funds to fulfill an array of duties related to gathering data, determining real estate market values and trends, and further educating assessors concerning local markets. Specifically, market analysts would be employed to supply assessors and the Commission with in depth market analysis. A portion of the funds would be used to develop a database program and a statewide sales program to ensure adequate data to measure local market conditions. The funds would also provide resources to hire a statewide coordinator whose responsibility would be to develop an educational curriculum for assessors and their staffs for the completion of a professional designation.

The State Tax Commission also recommends that state assessment maintenance be fully funded at the \$7.00 per parcel rate as provided by state statutes. The proposed per parcel reimbursement rate for the upcoming tax year is less than the reimbursement rate was at the inception of assessment maintenance in 1986. Since that time, the cost per parcel has grown exponentially to \$20 per parcel. It is critical that funding be provided to enable assessors to maintain the quality of assessments; to engage in technical advances in the assessment field and to adequately provide ongoing taxpayer assistance and service.

State Tax Commission Annual Report – 2008

The Commission is aware of funding constraints facing Missouri. However, in 2008, property tax equated to \$6.2 billion for the funding of public schools and local government entities. Adequate resources are necessary to maintain the integrity of the assessment system, to prevent costly litigation and to ensure the financial foundation for local political subdivisions.

The State Tax Commission stands ready to provide assistance to the General Assembly in improving the ad valorem taxation policies of this State.

Respectfully submitted,
STATE TAX COMMISSION OF MISSOURI
Bruce E. Davis, Chairman
Jennifer Tidwell, Commissioner
Charles F. Nordwald, Commissioner

State Tax Commission Annual Report – 2008

CHAPTER I

THE HISTORY, NATURE AND FUNCTION OF THE STATE TAX COMMISSION

A. History of the State Tax Commission.

The Missouri Constitution of 1945 created the State Tax Commission of Missouri in its current form. Article X, Section 14 of that constitution requires the General Assembly to create a tax commission for the purpose of performing three (3) functions:

- (1) Equalization of assessments as between counties;
- (2) To hear appeals from local boards of equalization in individual assessment cases; and
- (3) To perform such other duties as may be prescribed by law.

Prior to 1945 and the adoption of the most recent Constitution of Missouri, the function of the Commission was divided between two bodies: the State Tax Commission, which was created in 1917, and had authority over individual appeals in assessment cases, and supervisory authority over assessing officials, and the State Board of Equalization which performed the function of equalization of value among counties. The 1945 Constitution merged these bodies into one, creating the current constitutional and statutory entity now called the State Tax Commission of Missouri.

B. Nature and Organization of the State Tax Commission.

The State Tax Commission is constituted of three members, chosen from the two major political parties, appointed by the Governor with the advice and consent of the Senate. The Commissioners hold staggered terms of six years. Section 138.190, RSMo. A majority of the commissioners must concur before the Commission can make a decision on any matter before it. Section 138.240, RSMo.

The staff of the Commission is divided into five sections:

- (1) Administration;
- (2) Legal;
- (3) Ratio Study;
- (4) Original Assessment; and
- (5) Technical Assistance.

- (1) The Administration Section is under the direction of the Administrative

State Tax Commission Annual Report – 2008

Secretary, who is charged with the statutory duty to superintend the clerical business of the Commission, handle correspondence, supervise general office procedures, implement Commission policy, and perform such other duties as the Commission prescribes.

- (2) The Legal Section is under the direction of the Chief Counsel, who is charged with the responsibility to render legal advice to the commission, handle litigation involving the State Tax Commission in the courts and coordinate legal matters with the Attorney General's Office. The Chief Counsel also has the duty of overseeing the attorneys who conduct hearings in assessment appeals before the Commission and assisting the Commission in the preparation of decisions and orders, including findings of fact and conclusions of law, in individual assessment appeals.
- (3) The Ratio Study Section is charged with conducting ongoing ratio studies to verify assessment levels for equalization purposes. The section has a manager as well as field personnel.
- (4) The Original Assessment Section is charged with the Commission's annual duty to assess distributable property held by public utilities, railroads and other related entities.
- (5) The Technical Assistance Section is composed of a manager and field staff whose primary duty is to assist counties in implementing their maintenance program and to provide additional assistance in any matters pertaining to assessment practices.

The State Tax Commission currently has 60.75 authorized employees to perform its constitutional and statutory responsibilities.

C. Functions of the State Tax Commission

- (1) Supervision of Assessment Practices and Equalization.

One of the primary tasks performed by the Commission is the supervision of assessing officers and assessment practices in the state.

Section 138.410.1 provides this connection:

"This commission shall exercise general supervision over all the assessing officers of this state, over county boards of equalization and appeal in the performance of their duties under this chapter and all other laws concerning the general property tax and shall institute proper proceedings to enforce the penalties and liabilities provided by law for public officers, officers of corporations and individuals failing to comply with the provisions of this chapter, and of all laws relating to the general property tax."

Subsection 2 of Section 138.410 empowers the Commission to call upon the Attorney General or prosecuting attorneys in the state to assist it in enforcing the

State Tax Commission Annual Report – 2008

property tax laws in the courts.

In implementing its supervisory role, the Commission is in constant contact with the assessors of the state, communicating administrative, legal, appraisal and technical advice to assist assessors in the performance of their duties. This supervisory role is also evidenced by certain statutes relating to specific assessment areas. Under Section 138.235.2, the Commission is charged to see that leased tangible personal property in the state is properly taxed. In addition, a member of the Commission or some duly authorized representative thereof, must officially visit the several counties of the state at least once each year and inquire into methods of assessment. Section 138.415. The Commission also has the authority to convene a hearing concerning the assessment on any parcel in the state to ensure that all assessments have been made in compliance with law. Sections 138.460 and 138.470. However, it should be noted that the Commission is specifically prohibited from supervising "the fixing of any tax levied or to be levied" by any political subdivision or taxing authority in the state. Section 138.340.1.

One of the most important and far-reaching supervisory functions performed by the State Tax Commission of Missouri is the program for the statewide equalization of real property assessments. This program had its genesis in the Missouri Supreme Court Decision of *State ex rel. Cassilly v. Riney*, 576 S.W.2d 325 (Mo. banc 1979), wherein the Supreme Court of Missouri found the system of assessment in St. Louis County to be in violation of the uniformity provisions of the Missouri Constitution. The Supreme Court further stated that the State Tax Commission had the responsibility to resolve the assessment inequities in that county, and throughout the state where they exist, and possessed administrative powers commensurate with that task. In addition, the *Cassilly* case effectually overruled a long line of Missouri cases that held that the State Tax Commission had no authority over intra-county equalization of assessments, but could only exercise authority to equalize assessments on an aggregate basis as between counties.

The first mandated statewide reassessment program was completed and implemented in 1985. Subsequent to the completion of statewide reassessment, the State Tax Commission administers a two-year maintenance cycle in which property values are updated in each odd-numbered year. The two-year cycle commenced with the 1987 tax year.

(2) Assessment Appeals in Individual Cases

As previously noted, one of the constitutional duties imposed upon the Commission is the hearing of assessment appeals in individual cases. Every person who thinks himself or herself aggrieved by the assessment of property may appeal to the county board of equalization in person, by attorney or agent, or in writing. Such appeals shall be lodged with the county board of equalization on or before the second

State Tax Commission Annual Report – 2008

Monday in July (Section 137.275), except in first class counties, where appeals are due before the third Monday in June unless the board extends that deadline. Section 137.385.

The county board of equalization meets annually in every county and the City of St. Louis to consider such appeals. In most second class counties and counties of the third and fourth classes, the county board of equalization meets on the third Monday of July of each year to consider complaints filed by taxpayers. In first class counties and the City of St. Louis, the boards of equalization meet the first Monday in July (138.090) and operate until July thirty-first, except charter jurisdictions which operate until the fourth Saturday in August. Sections 138.050, 138.100, and 138.170. In years of general reassessment, the boards in all jurisdictions may begin meeting after July first. Sections 138.010, 138.090, and 138.170.

Appeals from the decisions of the board in all counties and the City of St. Louis must be filed with the Commission by September thirty of the year of assessment or within thirty days of the decision of the board of equalization, whichever is later. Sections 138.010, 138.460.2, and 12 C.S.R. 30-3.010. Appeals are generally heard by a hearing officer of the Commission. A record of the proceedings is prepared and a decision, including full findings of fact, conclusions of law, and an order to county officials, is thereafter issued. The decision of the hearing office may be appealed to the full Commission (section 138.432), and, under the provisions of Section 138.470.4 and Chapter 536, the Commission's final decision is reviewable by the circuit court in the county where the appeal originated.

(3) Original Assessment

Under Sections 137.022, 138.420, Chapters 151, 153 and 155, RSMo, the Commission performs its duty of original assessment of distributable property held by public utilities, railroads, freight line companies, airlines and related entities. Annually, the Commission receives a report from affected public utilities, railroads and airlines not later than April 15. Section 151.020.1; 155.020; 12 CSR 30-2.011. The Commission thereafter must "assess, adjust and equalize" the distributable property of these companies. Section 151.060.1.

The Commission also has the power of original assessment over all "real and tangible personal property in the possession of any assessing officer on January first." Section 138.420.4.

(4) Inter-County Equalization

Under Chapter 138 and the Missouri Constitution, Article X, Section 14, the State Tax Commission must equalize the aggregate valuation as between counties of certain "subclasses" of real and tangible personal property.

State Tax Commission Annual Report – 2008

(5) Miscellaneous Functions

Pursuant to Section 53.255, the Commission certifies assessors who have completed a course of study concerning the assessment of ad valorem property taxes. Each assessor must complete a course of study approved by the Commission as a qualification for commencing or continuing in office.

The Commission has the general duty to study the tax laws and taxing systems of other states and make recommendations to the General Assembly on needed tax legislation, Section 138.380(4), as well as to give advice and opinions on all questions of doubt as to the true and intent meaning of the provisions of Chapter 138, relating to the equalization and review of tax assessments. Section 138.320. Also, the Commission has the authority to place omitted property on the assessment rolls any time during the tax year. Section 138.380(3).

State Tax Commission Annual Report – 2008

CHAPTER II

ORIGINAL ASSESSMENT & APPELLATE FUNCTIONS

PROPERTY SUBJECT TO ORIGINAL ASSESSMENT

The State Tax Commission has the exclusive power of original assessment of the distributable property of railroads, railroad cars, rolling stock, street railroads, bridges, telegraph, telephone, electric power and light companies, pipeline companies, express companies and other similar public utility corporations, companies and firms. Additionally, the aircraft of airline companies and the flanged wheel equipment of private car companies are originally assessed. The three classic approaches to value (cost, income and market), when applicable, are utilized to estimate the market value of originally assessed companies and corporations.

The Commission requires each company to provide an annual itemized report of physical property, a financial statement and such other information as will enable the Commission to study each particular company. When an assessment is made, dates are set for informal hearings. Each company is notified and given an opportunity to be heard before a final assessment is determined. Thereafter, the Commission certifies a final value to the companies. If a company wishes to formally contest the value, it must appeal to the Commission within thirty days after receiving the final assessment. The Commission, with the aid of an assistant attorney general, hears the case on the record. A decision is issued and, in the event of an unfavorable decision, the company may appeal to circuit court.

After determining the final value, the Commission allocates the valuation of each company among the counties, road districts, cities, towns, sewer districts, ambulance districts, county library districts, and nursing home districts, etc. in which the company has mileage, or other taxing situs, and certifies the same to the county clerks and the companies subject to original assessment. Valuations as assessed by the State Tax Commission are shown in Chapter V, Table I of this report.

The State Tax Commission also is authorized to assess commercial aircraft weighing more than three thousand pounds not owned by airline companies and the real and personal property of assessing officers.

State Tax Commission Annual Report – 2008

PROPERTY TAX APPEALS

The State Tax Commission is empowered to hear appeals from the various local boards of equalization. In all counties and the City of St. Louis, the appeals must be filed with the State Tax Commission by September 30 or within thirty days of the final action of the board, whichever date is later. The State Tax Commission acknowledges receipt of the appeal, sends a copy of the complaint to the local assessing officials, and sets the matter for hearing in the county of origin. A Commission hearing officer hears the appeal and a record of the proceedings is made. An order is issued which either sets aside or sustains the decision of the local board and orders the assessment rolls to be amended to reflect the decision. The decision of the hearing officer may be appealed to the circuit court of the county in which the appeal originated.

State Tax Commission Annual Report - 2008

CHAPTER III

Section 138.450 RSMo provides as follows: "The Commission is empowered to call an annual group meeting of two or more assessors at such time and place as it may designate, due notice of which shall be given by the Commission."

MEETINGS WITH COUNTY OFFICIALS

Throughout the year, agents or members of the State Tax Commission conducted and attended meetings with county officials instructing and advising county officials of their duties and the laws governing the same; and generally aided them with various problems occurring during the year. Agents or members of the State Tax Commission conducted over 1,900 meetings with county officials during the 2008 calendar year. These meetings have assisted assessors and other county officials in making more uniform and equitable assessments of the various classes of property and caused to be placed on the rolls some property heretofore omitted.

State Tax Commission Annual Report - 2008

CHAPTER IV

PROPERTY VALUATIONS

The following table shows total property valuations for taxes for the years 2007 and 2008.

Item	For Taxes of 2007			For Taxes of 2008		
	Real	Personal	Total	Real	Personal	Total
Real Estate.....	\$72,894,949,878	0	\$72,894,949,878	\$74,697,769,914	0	\$74,697,769,914
Tangible Personal Property.....	0	\$18,457,279,048	\$18,457,279,048	0	\$18,894,605,394	\$18,894,605,394
Distributable Property of Public Utility Companies.....	\$2,599,811,943	\$1,031,638,942	\$3,631,450,885	\$2,608,188,985	\$1,037,651,840	\$3,645,840,825
Grand Total Valuations in Missouri.....	\$75,494,761,821	\$19,488,917,990	\$94,983,679,811	\$77,305,958,899	\$19,932,257,234	\$97,238,216,133

VALUATIONS FOR TAXES OF 1999 TO 2008 INCLUSIVE

YEAR	LOCALLY ASSESSED PROPERTY			DISTRIBUTABLE PROPERTY OF PUBLIC UTILITY COMPANIES			TOTAL TAXABLE PROPERTY
	Real	Personal	Total Locally Assessed Property	Real	Personal	Total Distributable Property	
1999....	42,064,374,390	14,797,778,491	56,862,152,881	2,397,712,544	1,064,022,623	3,461,735,167	\$60,323,888,048
2000....	43,450,655,722	15,893,447,299	59,344,103,021	2,409,149,712	1,122,070,580	3,531,220,292	\$62,875,323,313
